PERSONAL PROFILE

I am a Self-taught Front-End Developer. From the moment I produced "Hello World" on the console of my first application, I was hooked in the world of Web development. Web development has offered and continues to offer me the chance to grow professionally and keep improving my skills and allows me to grow creatively when developing quality web or mobile applications.

I am a serious and hard working person, and always meet the deadlines which are set on this "never'-ending journey".

WORK EXPERIENCE

HR
FROM 09/2019 to 08/2020

HR at Bingo Supermarket:
coordinator of the flow of goods, making sure they were consumer apt or close to expiry date.
Interviewing for new staff was also part of my job. This was very enriching professionally as I had to deal with people and take important decisions.

Junior UI-UX Developer
Company: SmartRoom 08/2021 - Present.

Currently working on improving mobile applications using React-Native for a more user friendly experience and adding new functionalities to existing apps of the company.

EDUCATION

GED Electrical Engineering FROM 2011 TO 2015
